

THE CATHOLIC COMMUNITIES
MOST BLESSED SACRAMENT AND STS. SIMON & JUDE

*A family of faith who strives to live the Gospel of Jesus Christ
through love and service to one another*

I was delighted to have Gary present a mission for our parishes. It was compelling to have a lay person give a public statement on Christian belief. It made quite an impression upon the parishioners who typically hear about Jesus only from a priest or ordained minister. Having a lay person disclose their faith is an infrequent and exceptional blessing.

Gary's presentations exemplified his deep love for Jesus. His personal faith life permeated through his powerful presentations. His theme, "Christ is the Light" was illustrated through many visuals, images and symbols. Each visual allowed the listener to identify with Christ being our Light and thus put this light into their personal lives. After listening to Gary, one could not help but want to give this Light to others. And this is precisely what he encouraged us to do, to give this Light to our family, friends and community each and every day.

I recommend Gary to any group. His energetic style of communicating engages the listener to his words and faith. He makes one proud to be a follower of Christ. The worldly beliefs often see Christianity as a weakness. Gary portrays it as a great strength and source of pride. Our parishes were blessed having Gary give us this mission.

Sincerely yours in Christ,
